To Whom It May Concern

Re: Professional Reference, Paul Farthing & PTF Constructions

Paul and his team at PTF Constructions provide exceptional service and full confidence that the job will be completed on time and budget.

We have completed two projects now with PTF Constructions and they have finished the job to our complete satisfaction on both occasions. Paul and his team undertook additional work we requested throughout both projects, provided us with frequent updates on progress and any changes in scope that needed to be negotiated. This update on progress and negotiating any changes was always an easy and fair process with Paul and his team.

We highly recommend PTF Constructions for any residential building projects.

Regards

Mark and Leanne Olive
